

NACCOLT

Tiers 1, 2 & 3 only

Directions

A28 from Ashford on right or from Canterbury on left. Take turning for Wye. Go through Wye High Street (passing railway crossing and traffic lights on bridge) until you see 2 Police Houses on left. Take opposite right hand turning and follow winding road for approx. 1.5 miles. On right hand side past new houses, followed by old brickyard building. Turn right through gate just past these buildings. Lock gate behind you. Follow track to top of hill and park on concrete hard standing.

Do not attempt to park or drive on grassy areas as you may get stuck.

Information

Approx. 10 acres

Species Present

Very large head of good tench, very large perch, rudd, roach and carp.

Additional Rules

- Lock all gates behind you.
- No entry or exit between 10pm and 7am except for emergencies. Please be considerate to residents of the areas at all other times by keeping noise to a minimum.

SHADOXHURST

Tiers 1, 2 & 3 only

Directions

From Ashford take the A28 towards Tenterden. After leaving Ashford take your first left into Chilmington Green road. Take the second right off this road at Stubbs Cross into Tally Ho Road. After .08 miles bear to the right and road becomes Woodchurch Road. After .05 miles you will see Church Lane on the left, turn left into Church lane. Follow down Church Lane going around an S bend for about .08 miles and the entrance into the lake is on the left hand side with an RSJ pole across the entrance to the wood. Follow track down to the lake.

Information

This small lake is well stocked with all species.

Additional Rules

- Fishing is from one bank only where you enter
- Maximum of two rods only to be used on this water
- No guests

LYDD LONG LAKES (2 lakes)

Tiers 1, 2 & 3 only

Directions

Take B2075 into Lydd. As you come into Lydd, go over hump back bridge and turn left into Harden Road. Continue until you come to a roundabout and turn left onto Dungeness Road. Continue for approx. 2.3 miles. Lakes are on the right – there is a CEMEX Angling erected. Park alongside in road only.

Information

There are a small number of carp present (some rumoured to be in the 40's) but the main species is tench of which there are large numbers, up to 9lb. Also present are rudd, bream and pike.

Additional Rules

This is a SSSI site and therefore there is a close season from 14 March to 16 June. Wardens do patrol this site so be polite at all times and aware of the surrounding countryside.
